Dear *Name of Scholarship* Selection Committee:

I am applying for the *Name of Scholarship*. I will be attending McGill University as a political science major this fall, with the intention of pursuing a career in public policy and ethics, or law.

I am a hard-working student who strives for high achievement in everything I do. I have had high academic standing in all my courses all four years I have been at DRCSS, maintaining an average of at least 90% in these courses. I have also assisted other students with courses in math and science by meeting with them one on one to provide volunteer tutoring.

I am always willing to lend a hand, and commit to volunteering when I am not participating in an extra-curricular activity or working as a host at Mr. Mikes. I volunteer weekly at the personal care home to spend social time with the residents and assist them with many of their needs. I also volunteer twice a week with teaching guitar basics to students at a local Dauphin music studio.

I strive to achieve my best and act as a positive role model in extra-curricular activities, and have developed my leadership skills as captain of the volleyball team for the past two years. I demonstrate commitment to my team and my abilities by attending every practice to work on skill development and team strategy. I also encourage communication among the players to ensure that we are all working toward the same goals.

I have maintained good academic standing and extra-curricular participation while being involved in my community with social and arts volunteering. Thank you for considering me as a candidate for this scholarship.

Sincerely,

Remember to sign your letter if you are printing a copy!
